

Sandyford Business District Public Transport Links

Try leaving the car at home for some journeys every week

Bus

Sandyford Business District is served by a number of bus services including the **11, 47, 75, 116** and the **114** feeder bus service to Blackrock DART Station, as well as the Aircoach and Finnegans Coach services. Don't forget all the bus routes on the nearby N11 QBC including the **7D, 46A, 75, 84, 84X, 145**.

Real Time Bus Information for all stops

All Dublin Bus stops now have a unique identification number and you can know in real time when your bus is due to arrive at your stop using the web, iPhone app or SMS texting. The bus stop number is on the sign at the top of the pole. Check this out at www.transportforireland.ie or www.dublinbus.ie/rtpi.

SMS (Real Time)

You can also get the time of the next 4 buses from any bus stop on the Dublin Bus network directly to your mobile phone. Just text your bus stop number to **53035** (e.g. text 1234 to 53035). Costs 30c per message received. Network operator charges may apply, service provided by Open Sky Data Systems.

The bus stop at Sandyford Luas also has an electronic real time information sign.

Luas

There are three Luas green line stops in the Sandyford Business District, Stillorgan, Sandyford and Central Park. No point in the Sandyford business district is more than about a 15 minutes walk from the Luas. See www.luas.ie.

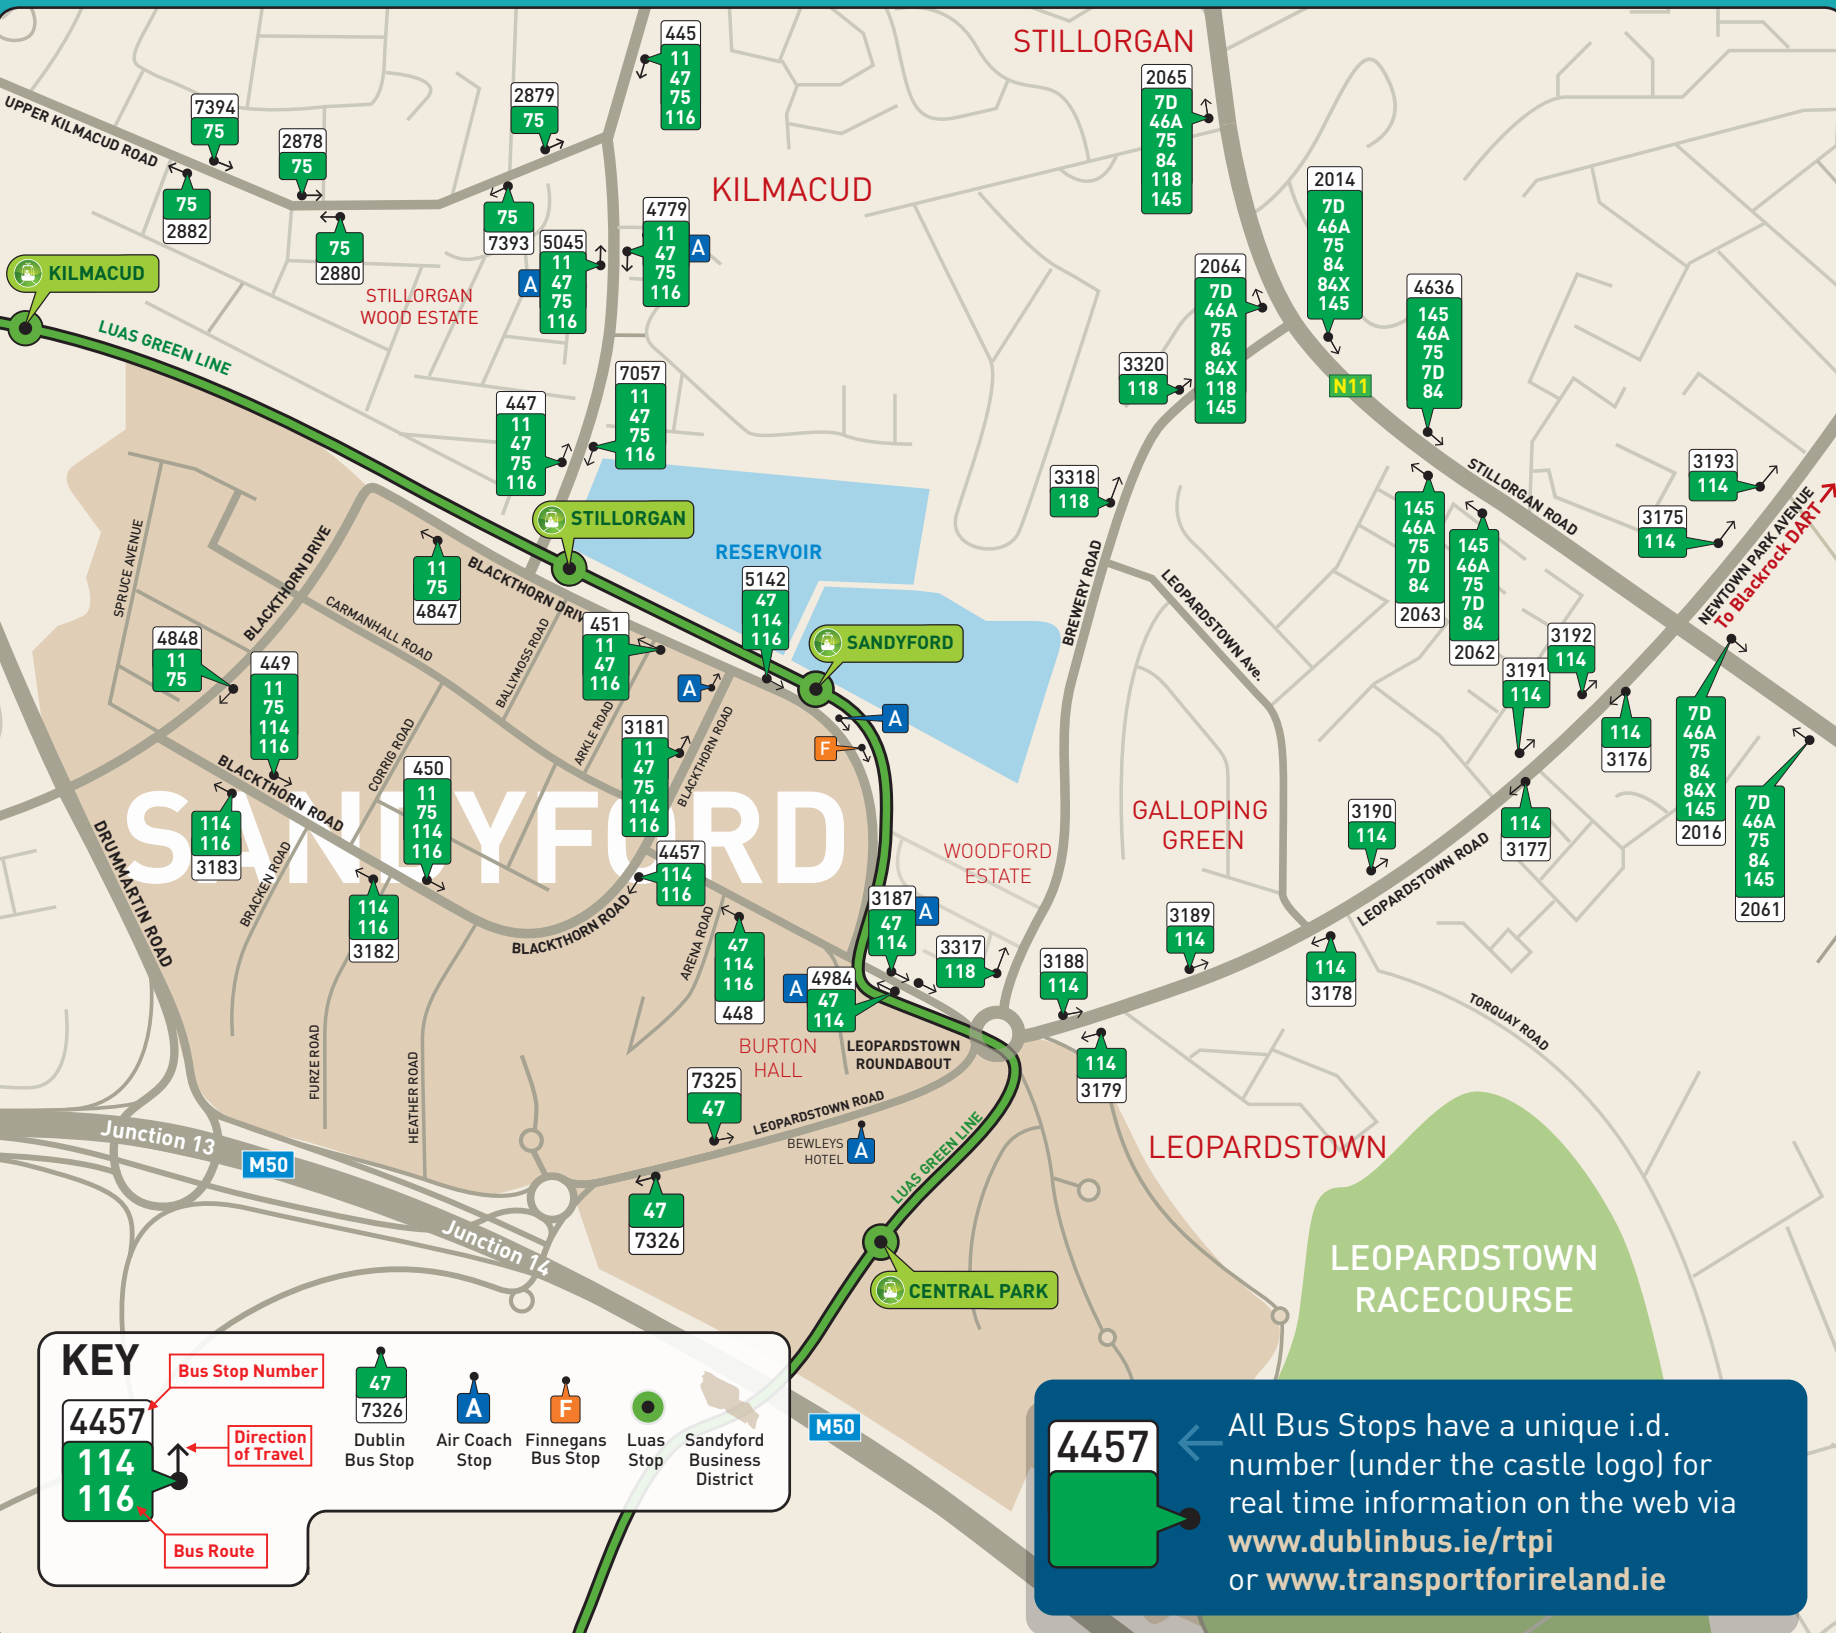

DART

Blackrock DART Station is also served by feeder bus **114** and Dun Laoghaire DART station by bus **75**. Dart timetables at www.dart.ie.

Taxsaver Scheme

You can save up to 50% of the price of an annual or monthly public transport ticket when you buy it through your employer. See www.taxsaver.ie.

4457 ← All Bus Stops have a unique i.d. number (under the castle logo) for real time information on the web via www.dublinbus.ie/rtpi or www.transportforireland.ie

Try Walking or Cycling some days...

On average it takes about 10 minutes to walk and 4 minutes to cycle 1 kilometre.

There's a general walking and cycling map (with average travel times) on www.SandyfordSmarterTravel.ie

Walking

There are a large number of walking routes you can take to get to the Sandyford Business District. Many of these have been improved recently, with enhancements to the pedestrian crossings and footpaths.

Carsharing.ie

Employees around Sandyford Business District already share lifts to and from work with colleagues.

It also helps to reduce traffic. A number of car sharing schemes have been set up by companies in Sandyford. There's also a free website that helps people to link up and share lifts at www.carsharing.ie

Information Updates

The information in this leaflet may occasionally be updated.

Keep an eye on www.SandyfordSmarterTravel.ie and sign up to our E-zine for information.

Don't forget to visit the various transport operator websites for details of their services.

Comments on the Sandyford Smarter Travel initiative are welcome to sustainabletravel@dlrcoco.ie

Cycling

Cycling is a great way to get in and out of Sandyford Business District and there are loads of cycle lanes all around. Cycle parking is available at all Luas stops and throughout the business district.

Cycle to Work Scheme

The Cycle to Work scheme allows companies to deduct the cost of a new bicycle from your pay before tax. Loads of people have availed of this incentive. You pay roughly half the cost of the bicycle. Your local bike shop can give you details of this scheme.

Local Bike Shops

Bike shops can help you with all aspects of cycling including bikes, kit, repairs and service. Here are some nearby shops:

Sandyford Smarter Travel

Sandyford Smarter Travel is about you personally having the power to make a difference for the environment, your health and quality of life.

For some people, commuting by car in and out of the Sandyford Business District is a necessity because they don't have immediately accessible or reliable alternatives.

For most people, there are choices...

Everyone needs to use the car sometimes but it can also be a bit of a habit – not to mention the stress of traffic and congestion at rush hours!

There are some great alternatives to the car and all you need to do is give them a try for some of your journeys to work every week.

It could be as simple as walking or cycling whenever you can, choosing the BUS, LUAS or DART to work a couple of times a week or carsharing with your colleagues at work.

Check out your travel options for a better quality of life on www.sandyfordsmartertravel.ie.
